

Grade 7 ICT

Unit 1 Central Processing Unit

Activity Sheet 01

Components of a CPU

Mrs. Amandi Kekunagoda
Good Shepherd Convent, Colombo 13

Write answers for all the questions.

1. What is the Central Processing Unit?
 2. What is the acronym for the Central Processing Unit?
 3. CPU can function on its own without human instructions. Is it true or false?
 4. What is the main function of the CPU?
 5. Where is the CPU located in the computer?
 6. Name the main parts of CPU and briefly describe the function of those.
 7. Name two major processor manufactures in the market.
 8. Where does the data and instructions used by the CPU are temporarily stores in?
 9. Speed of the CPU id measured by
 - a) MHz
 - b) GHz
 - c) Both MHz and GHz
 - d) None of the above
 10. Mathematical & logical functions are performed by the
 - a) Control unit
 - b) Memory registers
 - c) Processor
 - d) Arithmetic and logic unit
-
