

## PROVINCIAL DEPARTMENT OF EDUCATION - NORTH WESTERN PROVINCE

## **SECOND TERM TEST - 2019**

## **Grade 09** Health and Physical Education

**Two Hours** 

Na	Name / Index No. :								
	Part - I								
•	Answer all questions.								
•	For questions 01 to 10, Select the most suitable and write in the blank.	e answer from the words given in the brackets							
01	1 Main functions of food are	(six/two/three)							
02	2 can c anemia/heart diseases)	ause due to lack of iron in blood. ( diabetes /							
03	Adults should take more calcium and (vitamin A / vitamin B / vitamin D)	to prevent from weakening of bones							
04	4 Osteoporosis causes due to lack of	(Calcium and Iron / Protein and							
05	Need of calories of a breast feeding mother is of a pregnant mother. (less than/more than/equ	the need of calories al to)							
06	6 3R method is used togiving first aid)	( food preservation / disposal of garbage /							
07	7is used in 400 m	x 4. (Visual pass/non - visual pass/mixed pass)							
80	8 The indoor game that uses a racket, a ball and a t scotch/basket ball)	able is ( table tennis /							
09	9 Race walking, track and field events / road race a	nd marathon belong to							
	(Sports played without equipments / Athletics / C	Outdoor games)							
10	0 There are phase	es in a technique of long jump. (four/three/five)							
•	Underline the correct answer for questions 11	to 15.							
11	1 A characteristic of a person who has achieved sel	factualization.							
	(i) being creative	(ii) Supply maximum service to the society							
	(iii) having good attitudes	iv) All above							

12	Being diphyodont means.											
	(i) Teeth erupt at two different times	(ii) Having different types of teeth										
	(iii) Having strong enamel	(iv) Having permanent teeth										
13	The physical fitness factor shown by the diagram is;											
		(i) muscular endurance										
		(ii) muscular strength										
		(iii) body composition										
		(iv) flexibility										
14	Nutritional needs during childhood should pr	ovide adequately for;										
	(i) Proper growth	(ii) Maintaining good health										
	(iii) Reduce risk of malnutrition	(iv) for all above.										
15	The technique of preventing the ball from ent	ering the goal in foot ball is called;										
	(i) Goal keeping (ii) Throw-in	(iii) Attack (iv) Control the ball										
•	For questions 16 to 20, if the statement incorrect mark ( * ) in the bracket.	is correct mark a ( $\checkmark$ ) and if the stateme	ent is									
16	Health promotion programmes are conducted	l in a healthy environment. (	)									
17	Food is categorized into six groups depending	g on the nutrients it supplies	()									
18	According to the classification of athletic long	g jump event belongs to vertical jump. (	)									

 $(2 \times 20 = 40)$ 

)

19 A goal can be scored directly from throw in

 $20 \quad \text{We should reduce the use of mobile phones to have healthy ears.} \\$ 

## Grade 09 HEALTH & PHYSICAL EDUCATION - Part II

- Answer 05 questions including the first question.
- O1 Following items were included in the school health promotion programme.
  - ★ Football training programme under organized games.
  - \* Relay and long jump training camp.
  - \* A lecture on myths about food and Nutrition for athletes and others who need nutrients.
  - (i) Write 02 organized games except football.
  - (ii) Mention an instance where throw in is used in football.
