

Answer Paper

PART - I

- | | | | | |
|----------------------|----------------|------------------|-----------------------|-------|
| 01. Hydrosphere | 02. Pressure | 03. Stratosphere | 04. Mineral resources | |
| 05. 2.8% | 06. ✗ | 07. ✗ | 08. ✓ | 09. ✓ |
| 10. ✗ | 11. Himalaya | 12. Paddy | 13. Bolkash | |
| 14. Tropical monsoon | 15. Coniferous | 16. 2 | 17. 3 | 18. 4 |
| 19. 1 | 20. 1 | | (2 x 20 = 40) | |

PART - II

- 01 (1) Three regions such as Himalaya range, Sahara desert. (03m.)
 (2) China, Eastern part of South East Asia. (02m.)
 (3) Correct naming of rivers. (03m.)
 (4) Rocky - America / Hindukush - Asia / Alps - Europe (03m.)
 (5) To produce hydro power electricity. / Tourist industry etc., (01m.)
- 02 (1) The only planet with life. (02m.)
 (2) It is the most beautiful planet / the atmosphere consists of different gasses, favourable climate for living beings etc. (03m.)
 (3) Affect for precipitation / composed of many gasses / composed of 4 layers / Nitrogen is the prominent gas. etc., (03m.)
 (4) helps survival of life / stores water vapour / generates pressure and winds etc., (04m.)
- 03 (1) A Evaporation / B Transpiration / C Precipitation / D Penetration (04m.)
 (2) Air pollution, cleaning of forests, Excessive use of underground water etc., (04m.)
 (3) Existence of plants, survival of life to produce rainfall etc., (04m.)
- 04 (1) Writing of 4 countries. (04m.)
 (2) A Ural mountains / B Caspian sea / C Suez canal / D Red sea (04m.)
 (3) D - E line Northern latitude 10° / F - G line Northern latitude 80° (04m.)
- 05 Give marks for correct answers from 01 to 12.
- 06 (2) i. Dry climate ii. Nomadic herding
 (3) i. Temperate climate ii. Cultivation of fruits
 (4) i. Cold climate ii. Timber industry
 * Give marks for other relevant answers. (2 x 6 = 12)
- 07 (1) i. China ii. Japan iii. Cambodia iv. Mecca v. India
 vi. Afghanistan (06m.)
 (2) i. Shifting agriculture ii. Intensive subsistence agriculture
 iii. Plantation agriculture (06m.)
