

The ballad of Lisa the lemur

1. Match them up!

Match everybody with where they live!

- | | | |
|----------------|---|----------------|
| Lisa the lemur | → | a flat |
| people | | a hive |
| fish | | a tree |
| bees | | a cave |
| goats | | the sea |
| bears | | a mountainside |

2. Make it right!

Find the mistake, underline it and write the correct word.

- Lisa and her family lived in the city. rainforest
- A girl chopped down the family tree. _____
- So they moved to another flat. _____
- A man chopped their old tree down. _____
- So Lisa and her friends moved to the town. _____
- The park closes after dark and there's no more room at the school. _____
- Now Lisa and her family have no food. _____

3. Draw a picture.

Many trees, like Lisa's, are cut down to make paper. We can reduce the amount of paper we use, for example:

- Always write on both sides of the paper!
- Only print when you really need to!
- Save old paper for re-using!

Make a poster encouraging people to save paper!
