

B/DHARMADUTHA COLLEGE. FIRST TERM TEST - 2017

Information and Communication Technology

Time:-1 hour

Grade 10

Paper 1								
•	Underline the correct answe	r.						
1.	This device was invented about 5000 years ago.							
	(a) Computer	(b) abacus	(c) calculator	(d) telephone				
2.	Which generation introduced 'Transisters' ?							
	(a) First generation		(b) Second generation					
	(b) (c) Third generation		(d) Fourth generation					
3.	is the computer invented in First generation.							
	(a) Apple	(b) LARC	(c) ENIAC	(d) CDS				
4.	This is not a quality of inform	ation.						
	(a) Length	(b) accuracy	(c) effectiveness	(d) timely				
5.	ATM stands for							
	(a) Automated Teller Machine		(b) Automated Time Machine					
	(c) Advanced Teller Machine		(d) Advanced Teller Machine					
6.	The major parts of a CPU are							
	(a) RAM and ROM	(b) CU and RAM	(c) ALU and CU	(d) RAM and ALU				
7.	is a po	pinting device.						
	(a) Key board	(b) mouse	(c) Webcam	(d) scanner				
0								
ð.	The output on the screen is ca		(c) bard conv	(d) light conv				
	(a) first copy	(b) soft copy	(c) hard copy	(d) light copy				
9	These printers produce clear		())					
	(a) dot matrix	(b) inject	(c) laser	(d) thermal				
10). The basic components of a c	omputer system are						
	(a) input and output		(b) data and information					
	(c) print and save		(d) input, processing	and output				

11. The speed of the computer is measured in										
(a) hertz	(b) byte	(c) seconds	(d) bits							
12. RAM is a Memory.										
(a) secondary	(b) permanent	(c) volatile	(d) non- volatile							
13. This port connects the key board and mouse to the computer.										
(a) PS/2	(b) parallel	(c) serial	(d) VGA							
14. This is an example for half – duplex mode of data transmission.										
(a) radio	(b) television	(c) telephone	(d) walkie – talkie							
15 is an exam	ple for radio wave based commu	inication								
(a) telephone	(b) radio	(c) Wifi	(d) microphone							
16. This is a network security.(a) firewood	(b) firewall	(c) fireball	(d) fire place							
(4)		(0) 0000								
17. This isn't considered as a co (a) LAN										
(d) LAN	(b) MAN	(c) BAN	(d) WAN							
18. The base value of octal nur	nber system is									
19. The MSD and LSD of 23915	4 are.									
(a) 1 and 9	(b) 2 and 4	(c) 2 and 9	(d) 4 and 2							
20. Binary equivalent of 37_{10} is		(-) 100011	(-1) 100010							
(a) 100101	(b) 101101 4	(c) 100011	(d) 100010							
21. Decimal equivalent of 2A $_{16}$										
(a) 10	(b) 12 4	(c) 42	(d) 32							
22. Name of this logic gate is										
Δ	С									
B										
(a) AND	(b) NOT	(c) OR	(d) NAND							
23. The Boolean expression of (a) C = A + B	the above gate is. (b) C = A * B	(c) C = A* B	(d) C = $\overline{A + B}$							
	quence of instructions written in ((d) program							
(a) plan	(b) input	(c) language	(d) program							
• •	e directly understood by the comp		(d) aimple largers -							
(a) First language	(b) computer language	(c) machine language	(d) simple language							

26.This is a device used as an input as well as output (a) mouse(b) touch screen(c) joystics(d) key board27.This gate isn't included in basic logic gates. (a) AND(b) NOT(c) OR(d) NAND28.This is regarded as the brain of the computer. (a) key board(b) mouse(c) CPU(d) printer29.This is not included in network topology. (a) ALU(b) Star(c) CPU(d) bus30.This is the device that protects the computer form power failures. (a) ALU(b) CPU(c) CU(d) UPS31.The smallest unit of storing data in a computer is (a) byte(d) bit(c) GPS(d) MRI32.Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33.Which of these is used in Transportation. (a) CAT(b) ECG(c) GPS(d) MRI34.The device used to mark the MCQ papers in examinations (a) OMR(d) all of these35.Which of these can be used as backups ? (a) CD(c) OCR(d) none of these36.This device is commonly used in libraries. (a) CD(c) OMR(d) none of these37.This is the best example for hybrid computer. (a) CD(c) DMR(d) all of these38.Which of these are optical media devices? (a) CD(c) Blue - ray(d) all of these39.Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audi(c) PS / 2(d) all of these39.Which device is used to connect two or more computer networks? (a											
(a) mouse(b) touch screen(c) joystics(d) key board27. This gate isn't included in basic logic gates. (a) AND(b) NOT(c) OR(d) NAND28. This is regarded as the brain of the computer. (a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key board(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (b) bit(c) ggabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) EEG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) ATM(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) ODA(c) OCR(d) all of these35. Which of these is used in libraries. (a) CD(b) DVD(c) OCR(d) anne of these36. This device is commony used in libraries. (a) CD(b) ONR(c) OCR(d) anne of these37. This is the best example for hybrid computer. (a) CD(b) OUR(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(c) Bue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) ODA(c) PS / 2(d) all of these39. Which of these is used to connect microphones and speakers to a computer system? (a) ODA(c) PS / 2(d) all of these39. Which port is used to connect microphones and speaker	26. This is a device used as an input as well as output										
(a) AND(b) NOT(c) OR(d) NAND28. This is regarded as the brain of the computer. (a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) AUU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) EAM(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(d) all of these(d) all of these35. Which of these can be used as backups ? (a) CD(c) OCR(d) none of these(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OMR(d) none of these36. This is the best example for hybrid computer. (a) CAT(b) OLV(c) OMR(d) all of these37. This is the best example for hybrid computer. (a) CD(b) DVD(c) Blue - ray(d) all of these38. Which of these are optical media devices? (a) CD(b) Audio(c) PS / 2(d) all of these39. Which port is used to connect two or more computer networks? (a) VGA(b) Audio(c) PS / 2(d) all of these		-	-	(d) key board							
(a) AND(b) NOT(c) OR(d) NAND28. This is regarded as the brain of the computer. (a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) AUU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) EAM(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(d) all of these(d) all of these35. Which of these can be used as backups ? (a) CD(c) OCR(d) none of these(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OMR(d) none of these36. This is the best example for hybrid computer. (a) CAT(b) OLV(c) OMR(d) all of these37. This is the best example for hybrid computer. (a) CD(b) DVD(c) Blue - ray(d) all of these38. Which of these are optical media devices? (a) CD(b) Audio(c) PS / 2(d) all of these39. Which port is used to connect two or more computer networks? (a) VGA(b) Audio(c) PS / 2(d) all of these											
28. This is regarded as the brain of the computer. (a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(b) ATM(c) GPS(d) all of these35. Which of these can be used as backups ? (a) CD(c) OCR(d) none of these(d) none of these36. This device is commonly used in libraries. (a) CAT(b) OTV(c) OMR(d) none of these37. This is the best example for hybrid computer. (a) CAT(b) CTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) CA(d) all of these39. Which port is used to connect two or more computer retworks? (a) MOdem(c) PS / 2(d) all of these											
(a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(d) all of these35. Which of these used as backups ? (a) CAT(b) DVD(c) OCR(d) none of these36. This device is commonly used in libraries. (a) CAT(b) CTV(c) OMR(d) none of these36. This is the best example for hybrid computer. (a) ECG(b) DVD(c) OMR(d) all of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these38. Which of these are optical media devices? (a) CD(b) Audio(c) PS / 2(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these	(a) AND	(b) NOT	(c) OR	(d) NAND							
(a) key board(b) mouse(c) CPU(d) printer29. This is not included in network topology. (a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(d) all of these35. Which of these used as backups ? (a) CAT(b) DVD(c) OCR(d) none of these36. This device is commonly used in libraries. (a) CAT(b) CTV(c) OMR(d) none of these36. This is the best example for hybrid computer. (a) ECG(b) DVD(c) OMR(d) all of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these38. Which of these are optical media devices? (a) CD(b) Audio(c) PS / 2(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these											
29. This is not included in network topology. (a) key (b) star (c) tree (d) bus 30. This is the device that protects the computer from power failures. (a) ALU (b) CPU (c) CU (d) UPS 31. The smallest unit of storing data in a computer is (a) byte (b) bit (c) gigabyte (d) mibble 32. Which of these is not used in Health Sector. (a) CAT (b) ECG (c) GPS (d) MRI 33 Which of these is used in Transportation. (a) CAT (b) EEG (c) GPS (d) MRI 34. The device used to mark the MCQ papers in examinations (a) OMR (b) ATM (c) GPS (d) MRI 35. Which of these can be used as backups ? (a) CD (b) DVD (c) GPS (d) MRI 35. Which of these can be used as backups ? (a) CAT (b) OVD (c) GPS (d) none of these 36. This device is commonly used in libraries. (a) CAT (b) CCTV (c) OMR (d) none of these 38. Which of these are optical media devices? (c) OMR (d) all of these 38. Which of these are optical media devices? (a) CD (b) DVD (c) Blue - ray (d) all of these 39. Which of these are optical media devices? (a	-	-		(d) printor							
(a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ? (a) CD(b) DVD(c) CRR(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) CD(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these39. Which device is used to connect two or more computer networks? (a) Modem(b) ruter(c) ports(d) router	(a) key board	(b) mouse		(d) printer							
(a) key(b) star(c) tree(d) bus30. This is the device that protects the computer from power failures. (a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is (a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector. (a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ? (a) CD(b) DVD(c) CRR(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) CD(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these39. Which device is used to connect two or more computer networks? (a) Modem(b) ruter(c) ports(d) router	29. This is not included in network topology.										
(a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is(a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector.(a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation.(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ?(a) CD(b) DVD(c) GPS(d) all of these36. This device is commonly used in libraries.(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(a) CO(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) ECG(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) all of these39. Which device is used to connect microphones and speakers to a computer system?(a) all of these39. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) router			(c) tree	(d) bus							
(a) ALU(b) CPU(c) CU(d) UPS31. The smallest unit of storing data in a computer is(a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector.(a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation.(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ?(a) CD(b) DVD(c) GPS(d) all of these36. This device is commonly used in libraries.(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(a) CO(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) ECG(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) all of these39. Which device is used to connect microphones and speakers to a computer system?(a) all of these39. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) router											
31. The smallest unit of storing data in a computer is (a) byte (b) bit (c) gigabyte (d) nibble 32. Which of these is not used in Health Sector. (a) CAT (b) ECG (c) GPS (d) MRI 33. Which of these is used in Transportation. (a) CAT (b) EEG (c) GPS (d) MRI 34. The device used to mark the MCQ papers in examinations (a) OMR (b) ATM (c) GPS (d) MRI 35. Which of these can be used as backups ? (a) CD (b) DVD (c) Flash drive (d) all of these 36. This device is commonly used in libraries. (a) CAT (b) OMR (c) OCR (d) none of these 37. This is the best example for hybrid computer. (a) ECG (b) DVD (c) OMR (d) none of these 38. Which of these are optical media devices? (a) CD (b) DVD (c) Blue - ray (d) all of these 39. Which port is used to connect microphones and speakers to a computer system? (a) vGA (b) Audio (c) PS / 2 (d) all of these 40. Which device is used to connect two or more computer networks? (a) all of these (b) Audio (c) PS / 2 (d) all of these	30. This is the device that protects the computer from power failures.										
(a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector.(a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation.(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these used as backups ?(a) OMR(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries.(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(a) ECG(b) CTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) all of these30. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) all of these	(a) ALU	(b) CPU	(c) CU	(d) UPS							
(a) byte(b) bit(c) gigabyte(d) nibble32. Which of these is not used in Health Sector.(a) CAT(b) ECG(c) GPS(d) MRI33. Which of these is used in Transportation.(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these used as backups ?(a) OMR(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries.(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(a) ECG(b) CTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) all of these30. Which device is used to connect two or more computer networks?(a) all of these40. Which device is used to connect two or more computer networks?(a) all of these											
32. Which of these is not used in Health Sector. (a) CAT (b) ECG (c) GPS (d) MRI 33. Which of these is used in Transportation. (a) CAT (b) EEG (c) GPS (d) MRI 34. The device used to mark the MCQ papers in examinations (a) OMR (b) ATM (c) GPS (d) MRI 34. The device used to mark the MCQ papers in examinations (a) OMR (b) ATM (c) GPS (d) MRI 35. Which of these used as backups ? (a) CD (b) DVD (c) Flash drive (d) all of these 36. This device is commonly used in libraries. (a) CAT (b) OMR (c) OCR (d) none of these 37. This is the best example for hybrid computer. (a) ECG (b) CTV (c) OMR (d) none of these 38. Which of these are optical media devices? (a) CD (b) DVD (c) Blue - ray (d) all of these 39. Which port is used to connect microphones and speakers to a computer system? (a) VGA (b) Audio (c) PS / 2 (d) all of these 40. Which device is used to connect two or more computer networks? (a) router (d) router (d) router											
(a) CAT(b) ECG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these car be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) CAT(b) CTV(c) OMR(d) none of these38. Which of these arrest explicated devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer retworks? (a) Modem(b) telephone line(c) ports(d) router	(a) byte	(b) bit	(c) gigabyte	(d) nibble							
(a) CAT(b) ECG(c) GPS(d) MRI33 Which of these is used in Transportation. (a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these car be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) CAT(b) CTV(c) OMR(d) none of these38. Which of these arrest explicated devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer retworks? (a) Modem(b) telephone line(c) ports(d) router	22 Which of these i	in matured in Lingth Conton									
33. Which of these is used in Transportation.(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ?(a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries.(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) all of these(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(a) all of these(b) all of these(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(a) all of these(c) ports(d) router				(d) MPI							
(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations <bb></bb> (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router			(0) 013								
(a) CAT(b) EEG(c) GPS(d) MRI34. The device used to mark the MCQ papers in examinations <bb></bb> (a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router	33 Which of these	is used in Transportation.									
34. The device used to mark the MCQ papers in examinations(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these can be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is commonly used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router		•	(c) GPS	(d) MRI							
(a) OMR(b) ATM(c) GPS(d) MRI35. Which of these car be used as backups ? (a) CD(b) DVD(c) Flash drive(d) all of these36. This device is community used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router			. ,								
35. Which of these can be used as backups ? (a) CD (b) DVD (c) Flash drive (d) all of these 36. This device is commonly used in libraries. (a) CAT (b) OMR (c) OCR (d) none of these 37. This is the best example for hybrid computer. (a) ECG (b) CCTV (c) OMR (d) none of these 38. Which of these are optical media devices? (a) CD (b) DVD (c) Blue - ray (d) all of these 39. Which port is used to connect microphones and speakers to a computer system? (a) All of these (b) Audio (c) PS / 2 (d) all of these 40. Which device is used to connect two or more computer networks? (a) Modem (b) telephone line (c) ports (d) router	34. The device used	to mark the MCQ papers in exam	ninations								
(a) CD(b) DVD(c) Flash drive(d) all of these36. This device is community used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and specters to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more community is the device is used to connect two or more community is used to connect to connect two or more community is u	(a) OMR	(b) ATM	(c) GPS	(d) MRI							
(a) CD(b) DVD(c) Flash drive(d) all of these36. This device is community used in libraries. (a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and specters to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more community is the device is used to connect two or more community is used to connect to connect two or more community is u											
36. This device is commonly used in libraries.(c) OCR(d) none of these(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer.(b) CCTV(c) OMR(d) none of these(a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these arrow ptical media devices?(d) none of these(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(d) all of these(a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more commuter networks?(d) router				<i>.</i>							
(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router	(a) CD	(b) DVD	(c) Flash drive	(d) all of these							
(a) CAT(b) OMR(c) OCR(d) none of these37. This is the best example for hybrid computer. (a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router	26. This dovico is cor	mmonly used in libraries									
37. This is the best example for hybrid computer.(a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices?(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(d) none of these(d) router				(d) none of these							
(a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router				(d) none of these							
(a) ECG(b) CCTV(c) OMR(d) none of these38. Which of these are optical media devices? (a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system? (a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks? (a) Modem(b) telephone line(c) ports(d) router	37. This is the best e	37. This is the best example for hybrid computer									
 38. Which of these are optical media devices? (a) CD (b) DVD (c) Blue - ray (d) all of these 39. Which port is used to connect microphones and speakers to a computer system? (a) VGA (b) Audio (c) PS / 2 (d) all of these 40. Which device is used to connect two or more computer networks? (a) Modem (b) telephone line (c) ports (d) router 			(c) OMR	(d) none of these							
(a) CD(b) DVD(c) Blue - ray(d) all of these39. Which port is used to connect microphones and speakers to a computer system?(a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(d) all of these(a) Modem(b) telephone line(c) ports(d) router											
 39. Which port is used to connect microphones and speakers to a computer system? (a) VGA (b) Audio (c) PS / 2 (d) all of these 40. Which device is used to connect two or more computer networks? (a) Modem (b) telephone line (c) ports (d) router 	38. Which of these are optical media devices?										
(a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(a) Modem(b) telephone line(c) ports(d) router	(a) CD	(b) DVD	(c) Blue - ray	(d) all of these							
(a) VGA(b) Audio(c) PS / 2(d) all of these40. Which device is used to connect two or more computer networks?(a) Modem(b) telephone line(c) ports(d) router											
40. Which device is used to connect two or more computer networks? (a) Modem (b) telephone line (c) ports (d) router											
(a) Modem (b) telephone line (c) ports (d) router	(a) VGA	(b) Audio	(c) PS / 2	(d) all of these							
(a) Modem (b) telephone line (c) ports (d) router
